Dear Valued PCA,

Did you know a fellow PCA recently lost their home in a fire? Thankfully a neighbor woke her up in time to escape without injury.

Immediate Care matched contributions of the internal staff and presented her with a check and supplies yesterday. But she still needs furniture and household goods for herself and her kids.

If you have donations (furniture or clothing), please bring them to the Valley or Anchorage office.

Call us if you have any questions.

Best regards,

Brian Richardson, CEO
